When you choose the Nevco Difference for your facility, you’re choosing a partnership that lasts far longer than the length of your project. Every Nevco video display comes with the highest quality software, graphics, and dedicated team to ensure your project is a success from start to finish. When you invest in a Nevco video display, here’s what you can expect:

**Vision, Scope, Budget**

In the beginning, you will be assigned to an experienced Sports Video Consultant who will serve as your primary partner through the entirety of the project.

A Consultant will work with you to better understand your vision, scope, and budget; and may be able to recommend simply upgrading your existing scoreboard to a video display. This will save time and money during the installation phase.

**Finalizing Designs and Project Approval**

Your Sports Video Consultant will work with you to finalize the design of your specific video board as well as present at any stakeholder meetings to explain in detail the scope of the project. You’ll also receive:

- Customized designs with optimal video size for your facility based on your goals and budget constraints
- Control Room expertise
- Marketing assets to help you gain buy-in from other stakeholders

**Manufacturing & Installation**

Once your key objectives are identified and the design of your display is finalized, your consultant will:

- Develop all comprehensive specifications with accompanying mechanical and electrical drawings and installation plan
- Construct manufacturing and installation timeline, with on-time delivery
- Arrange planning meeting with all functional departments so that all elements are in place prior to installation

**Project Completion**

After successful completion of your display’s installation, your Sports Video Consultant and the Nevco team will set your team up for success by:

- Conducting on-site training for all staff using the equipment, and first game support to ensure operators’ comfort with the system
- Providing complete lifetime service support
- Serving as a partner and informational resource to your school

With your Nevco Video Display, you can expect professionally designed, 3D graphics pre-loaded into your software so you’re game-day ready.

**(scoreboards for every sport)**

**SOCCER**

**MODEL 3656 SIZE: 18W X 8H**

Ideal for large fields with home and guest shots and saves. Image shown with custom Corner Kick caption plates. Images shown with optional Electronic Team Names (ETNs) that allow you to customize the team name for every team that plays at your facility.

FORD FIELD PRO™ SOUND SERIES

Be loud and clear with Nevco’s Stadium Pro™ Sound. From the national anthem, to the coin toss, to the first down, the Nevco Stadium Pro™ sound system ensures that players, parents, and fans have the ultimate game-day experience.

The Nevco Stadium Pro™ Sound Series, specifically designed for the athletic market, interfaces with Nevco scoreboards and video displays to provide a single-point system, located at the scoreboard, allowing fans to hear the game like never before.

The systems are housed in weatherproof cabinets that can be discreetly incorporated into the scoring solution and come with a personalized front mesh scrim displaying team name, which disguises the speakers, while enhancing the appearance of your display.

**BASEBALL ACCESSORIES**

**PITCH COUNT DISPLAYS**

Are You Protecting Your Players? Pitch count limits are becoming crucially important in the world of youth recreational leagues with the passing of state-wide mandated limits across the country. Such guidelines are being monitored and enforced in an effort to prevent adolescent pitchers from overexertion. Nevco Pitch Count Displays conveniently count pitches for both the home and guest teams. Don’t have a Nevco scoreboard? Our Pitch Count displays can be incorporated into an existing scoreboard or stand alone and are available in 5 different sizes:

- **Model 1600 SIZE: 16’W X 5’H**
- **Model 1603 SIZE: 36’W X 9’H**
- **Model 1606 SIZE: 24’W X 8’H**
- **Model 1608 SIZE: 18’W X 6’H**
- **Model 1609 SIZE: 16’W X 6’H**

**SOLAR POWER KIT**

Green schools are not only environmentally friendly but also generate cost savings in the form of energy usage. Many schools are taking the pledge of the Green Schools Alliance to make their campuses more sustainable, while reducing their carbon footprints by 30% over five years. Supply power to your Nevco scoreboard while preserving the environment with Nevco’s solar power kit. Each kit is specifically engineered to work with your scoreboard and designed for all weather conditions. Available for all outdoor Nevco scoreboard models. Shown on Model 1608.

**PROTECTIVE NET**

Protect your Nevco scoreboard with our protective net, available for any of our outdoor or indoor scoreboard models.

- **Standard Sizes Available:**
  - 20’W x 6’H
  - 26’W x 8’H
  - 20’W x 10’H
  - 14’W x 10’H
  - 14’W x 8’H
  - 10’W x 8’H

**MPCX2 SCOREBOARD HAND-HELD CONTROLLER**

The MPCX2 is the ultimate in scoring flexibility! The small and lightweight controller is perfect for smaller facilities or to operate auxiliary scoreboards. Convenient wireless operation within 1000’. Operates multiple scoreboards simultaneously. System allows multiple controllers to link to a single scoreboard. A great tool for coaches, run the scoreboard in practice from the palm of your hand without connecting to the table-top controller. Preserve your MPCA-7 Controller for main scoring events at your facility while utilizing the MPCX2 to control all youth and secondary scoring events. Operates on two AA batteries and includes a built-in battery indicator, wireless strength meter, and internal antenna.

- **Size:** 3.25” x 5.5” x .875” (0.08 x 0.14 x 0.20 meters)
- **Digit Size/Color:** Bright 32 Characters LCD Display
- **Approx. Hanging Weight:** 5.5 oz (.16 kg)
- **Available for:** Football, Baseball/Softball, Soccer, Tennis, Segment Timer, Pitch Count, Shot Clock/ Delay of Game, Hockey, Basketball, Volleyball, and Wrestling

**MODEL 1603 SIZE: 36’W X 9’H**

Our largest inning-by-inning scoreboard that displays player at bat, balls, strikes, outs, team runs, team hits, and team errors. Graphical rendering shown with optional Electronic Team Names (ETNs) that allow you to customize the team name for every team that plays at your facility.

**MODEL 1606 SIZE: 24’W X 8’H**

An inning-by-inning scoreboard that displays player at bat, balls, strikes, outs, team runs, team hits, and team errors. Graphical rendering shown with optional Electronic Team Names (ETNs) that allow you to customize the team name for every team that plays at your facility.

**MODEL 1608 SIZE: 18’W X 6’H**

One of our most popular inning-by-inning scoreboards, complete with balls, strikes, and outs. Graphical rendering shown with optional Electronic Team Names (ETNs) that allow you to customize the team name for every team that plays at your facility.
